

LANTEX VENETIAN BLINDS

Experience a stunning blend of style and functionality with our innovative Lantex Venetian Blinds.

Their unique design brings an elegant "soft look" to the classic Venetian.

Available in an extensive range of captivating colours, including translucent and room-darkening options, you'll find the perfect match for your décor in this luxurious lightweight blind.

BENEFITS

Lantex Venetian Blinds are not only visually striking but also boast exceptional benefits.

They are 100% waterproof making them ideal for conditions in bathrooms and kitchens.

They are also fire retardant, anti-static, and anti-microbial, ensuring a safe and hygienic environment.

The UV-stabilized slats guarantee long-lasting colour vibrancy, while their remarkable durability makes them virtually indestructible.

- These blinds can be motorised

somfy.

CLEANING

One of the major advantages of this product is the ease of cleaning. Use a clean, soft dust cloth or vacuum brush to wipe off dust.

To Dust: Tilt slats up, then down (but not so the blinds are completely closed), then clean with the cloth or vacuum brush. Clean from side to side, following the direction of the slats.

To Spot Clean Stains: Use a mild detergent in warm water, then blot dry. Do not clean or immerse fabric in water.
